

MTI Standard Upholstery Selections

MTI Standard Upholstery Selections

Coordinated upholstery colors complete your exam or procedure room. Give your room an aesthetic appeal by selecting from MTI's beautiful upholstery colors.

Compare your floor and paint samples with these swatches under the same lighting conditions to help you create an attractive, coordinated environment in which your patients will feel comfortable. Special colors are available.

Make your selections even more comfortable by adding MTI's memory foam option which adds 1" of memory foam in place of the 1" of standard foam to any chair upholstery kit for an extra soft chair. Other depths of memory foams and standard foams are also available.

Standard Premium Upholstery

Standard Premium Upholstery colors present beautiful, calm, coordinated colors for a soothing effect. These new colors are practical and durable, offering superior strength from a 100% vinyl surface and at the same time suppleness from its Soft Hi-Loft Backing. These vinyl colors come with a Beauty Guard application providing outstanding protection in difficult medical and health care environments and contain an agent to protect against bacterial and fungal micro-organisms.

Standard Ultraleather™ Upholstery Upgrade

(additional cost)

When you want the look and feel of leather but need a more durable surface or a **PVC-free material**, Ultraleather is a practical alternative. High-tech strengthening components give it longevity, and its exceptional durability and effortless cleaning make Ultraleather an ideal surface for high wear applications while staying soft and supple.

Earth Friendly

Ultraleather not only looks and feels great, it's also environmentally friendly. It doesn't contain plasticizers, heavy metals, or stabilizers; and is 100% free of VOCs, POPs, and formaldehyde.

Feel the difference between the Standard Premium Upholstery and Standard Ultraleather Upholstery with the swatches below.
