

EndoCaddy™

“Stores and protects your valuable endoscopes”

AZ4040 - Double Tube

Hi-Impact tube provides secure soak/storage vessel for fragile endoscope fibers/lenses.

Durable, clear polymer tube permits visualization of soaking fluid levels and cleanliness.

Easily removed from bracket for cleaning and refilling.

Sturdy bracket gives strong support to storage tube and is provided with Velcro™ fasteners and mounting hardware for easy secure installation.

Endocaddy includes bracket, tube, vapor lid(s) and mounting hardware.

AZ3030 - Double Rigid

AZ2020 - Single Tube

AZ1010 - Single Rigid Endoscope

Unique “vapor lid” minimizes soaking solution vapor escape
